ANIL YARLAGADDA

9676857922 | anilyarlagadda6@gmail.com | Hyderabad, Telangana | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Python Developer with hands-on experience in front-end development, data analytics, and machine learning. Proficient in Django, HTML5/CSS3/JavaScript/React.js, and SQL/NoSQL databases. Proven ability to build responsive, user-facing web applications and automated data pipelines that reduce manual effort by 40%.

TECHNICAL SKILLS

Languages: Python (Primary), Java
Backend: Django, REST API
Databases: MySQL (SQL), MongoDB
Frontend: HTML5, CSS3, Bootstrap, JavaScript, React.js
Tools & Version Control: VS Code, Git, GitHub

EDUCATION

B.Tech – Information Technology 2021 – 2025
Guru Nanak Institute of Technology, Hyderabad | CGPA: 8.3

Intermediate (MPC) 2019 – 2021
Sri Chaitanya Junior College, Khammam | 98%

SSC 2018 – 2019
ZPHS, Bonakal | CGPA: 9.0

PROFESSIONAL EXPERIENCE

Front-End Developer | Sync AI Technologies *Mar 2026 – May 2026*

- Engineered responsive, user-facing web interfaces using React.js and Bootstrap for client applications, resulting in a 15% increase in user engagement.
- Automated data pipelines for large-scale dataset processing, reducing manual effort by 40%.
- Optimized front-end performance in React.js applications, decreasing bounce rate by 25%.

PROJECTS

Employee Attrition Prediction System | *Python, Scikit-learn, GCN, L-SVM, SHAP*

- Predicted employee turnover with Graph Convolutional Networks, outperforming baseline models (Logistic Regression, Naive Bayes).
- Integrated SHAP-based explainable AI to surface key attrition factors for HR teams.

Task Management Web App | *React.js, JavaScript, HTML5, CSS3, Bootstrap*

- Built a responsive task management application in React.js with component-based architecture and hooks-based state management.
- Implemented task creation, editing, filtering, and status tracking with a clean, mobile-responsive UI styled using Bootstrap and CSS3.

Online Bookstore Application | *ASP.NET, SQL Server, Python*

- Developed full-featured bookstore with inventory management and mobile-responsive UI.
- Automated inventory reporting, cutting operational overhead by 25%.

Personal Portfolio Website | *HTML5, CSS3, Bootstrap, JS — GitHub Pages*

- Designed and deployed a fully responsive portfolio showcasing projects and technical skills.

CERTIFICATIONS

- Python Full Stack Development - Udemy
- AWS Cloud Practitioner Essentials - AWS
- Data Analytics & Visualization Simulation - Accenture / Forage
- AI & Machine Learning - IBM SkillBuild / Simplilearn
- Web Design - NI-MSME
